Debt Recovery Service

PROBLEM DEBTS: INSTRUCT US AND SEE YOUR CASH FLOW IMPROVE

Bad debts and slow payers are always a problem for business. They are a drain on resources and a threat to profitability. Thackray Williams streamlined debt collecting system will help ease the problems of your debt collection.

What you will gain

- **Peace of mind** - arranging your debt collection through Thackray Williams takes the pressure off you.
- **Lower fees** - charges for debt collection using our system will generally be considerably lower than other agencies.
- **Expertise** - you will also benefit from the in-house expertise and flexibility of a well established solicitors' practice.

What our clients say

We collect debts for a wide range of companies from sole traders to large companies. The success of the service can be measured by the positive feedback we receive from them:

"This is the third occasion I have had dealings with Graeme Weir and I have always found him easy to talk to, he understands our requirements. He never makes me feel that I am intruding on his time and takes the time to explain things in a fashion that is understandable by a non legal person."

"I am very grateful to you for your assistance...I would like to express my appreciation for the efforts you personally and your firm put in for the successful outcome of this case."

"I have been delighted with the service received and have therefore been happy to select all the 'very satisfied' ratings in your survey."

How it works

To put our debt collection system to work for you all you have to do is send us a copy of the relevant invoices. A demand letter is immediately sent to the Debtor requesting payment within 7 days and pointing out that if payment is not received in time, Court proceedings will begin and interest and costs will be claimed.

No debt is too large or too small. Our system will follow documented procedures until the debt is recovered or your instructions are changed.

What will it cost?

The charges for our Debt Collection Service are directly related to the size of the debt.

There is an initial set-up charge of either £40 (debts up to £1,000) or £50 (debts over £1,000). Court fees and other fixed costs may be recoverable from the debtor.

We then make a small percentage collection charge on debts that have been successfully recovered - full details of which will be supplied.

Don't write off your debts...

Write to Thackray Williams solicitors and take advantage of our successful Debt Recovery System....
